AVIAM IS ECO-FRIENDLY

With the integration of new electric tractors to our GSE Fleet, we are taking important steps towards the goal of becoming a 100% eco-friendly company and accordingly with Punta Cana Airport environmental vision.

Based on our values and vision to establish ourselves as the leading and preferred company in the ground handling services, Aviam strives to be in constant innovation and determined improvement of quality level of service.

Aviam continues to invest in the renovation of its GSE fleet, adding new electric tractors, as well as refrigerated trucks and containers trailers – Singles & Doubles.

“Your Satisfaction Is Our Passion”
